PROJECT USEFUL

COURSE NO. 16: 21 - 25 September 1970

BACKGROUND, OBJECTIVES, AND SCOPE

Since 1954 the CENTRAL INTELLIGENCE AGENCY
has annually presented an orientation course, known
as Project USEFUL, to senior officers of the Unified
and Specified Commands and to certain individuals of
CONUS elements. The primary objective of this ori-
entation is to maintain and improve CIA - DOD coop-
eration by providing selected members of the Armed
Forces the opportunity to become more fully and ac-
curately acquainted with CIA's mission and capabili-
ties in peace and war. Key CIA officials will discuss
the functions of their components, with specific at-
tention to CIA's role in areas of common concern to
the Intelligence Community. Also, special emphasis
will be placed in the course on matters of direct in-
terest to the Armed Forces, such as war and contin-
gency planning, scientific and technical intelligence,
and the coordination of foreign intelligence collection
activities. It is hoped that these briefings will con-
tribute to a better appreciation of how CIA and the
military services can provide mutual assistance in
the difficult and vital tasks which confront us all.
